Experience

Product Design Intern

Vien Health | Dec 2020 - Present

Working with a PM to translate the mobile MVP to a desktop breakpoint for product launch. Redesigning the company's marketing website to improve user experience.

Freelance UX Designer

UX Rescue | Sept 2020 - Present

Collaborating with a team of designers and researchers on a site redesign project to increase donations and volunteer interest for an NGO.

UX/UI Design Intern

Butterflies Dating & Socials | 2020

Used Figma to create screens consistent with the existing product. Collaborated directly with engineers to implement my designs.

Clinical Research Assistant

Brigham & Women's Hospital | 2017-2018

Organized and analyzed data using Excel to create data visualizations for presentations. Instructed study participants and monitored clinical tests.

Education

Northeastern University

Boston, MA | 2015-2020

BS Biology, minor in Interaction Design

3.5 GPA, Dean's List
