Education

Northeastern University
Boston, MA | 2015-2020
BS Biology, minor in Interaction Design

Experience

Product Design Intern | Vien Health

Remote | Dec 2020 - Present

Translating mobile MVP to a desktop breakpoint.
Redesigning the company's marketing website to improve user experience.

UX/UI Design Intern | Butterflies Dating

Remote | 2020

Used Figma to create screens consistent with the existing product. Collaborated with engineers to implement my designs.

Freelance UX Designer | UX Rescue

Remote | 2020

Collaborated with a team of designers and researchers on a site redesign project to increase donations and volunteer interest for an NGO. Implemented the designs using Wix.

Brigham & Women's Hospital | Research Assistant

Boston, MA | 2017-2018

Organized and analyzed data using Excel to create data visualizations for presentations.
Instructed study participants and monitored clinical tests.
